### STIFF RESISTANCE BEING PRESENTED

By JOHN R. HENRY  
(U.S. Staff Correspondent)

GUAM, June 18.—The Yaeju-Dake escarpment was a flaming inferno today but even hellish fires created by incendiary bombs failed to burn out the stubborn remnants of the Japanese defense force on Southern Okinawa.

Resistance of the enemy garrison which already has lost more than 80,000 men since outbreak of the campaign, showed no signs of breaking in the face of determined attacks by four U. S. Tenth Army Division. The American ground troops were supported by aircraft, heavy artillery fire and warships massed off shore.

### Fire Bombs Hurling

Flying in close support of the ground troops, planes of the tactical air force heaped heavy fire bombs into Japanese strongpoints along the vital escarpment sector, and in certain places blasted the entire area with 10,000 tons of explosives.

The reinforced Third Marine Amphibious Corps—including the First Division and elements of the Sixth which moved into the lines under cover of darkness—was given additional support from tanks and "amph-tracks" parked on coral reefs off the west coast. These heavily armed vehicles poured a withering fire into enemy blackhouses and caves atop Kishida ridge, covering the Marines' efforts to advance against blistering small arms and automatic weapons fire.

The Japanese fire was coming from hideaways held by the enemy.

### Triple Of Bomb Load Dropped On Germany Scheduled For Japan

By LEE VAN ATTA  
(U.S. Staff Correspondent)

WITH FAR EAST AIR FORCE, Philippines, June 18.—Gen. H. H. Hap Arnold revealed today that present Allied air plans call for the "total destruction" of Japan by the end of 1946.

The veteran United States air chief who came to the Philippines Saturday after visiting Guam revealed his previous assertion that more than two million tons of bombs would be expended in the projected annihilation of the Japanese homeland.

That bomb tonnage, he pointed

out, "is more than three times what we dropped on Germany—and Japan is only 10 per cent as large as Germany."

### Fanaticism May Vanish

He refused, however, to speculate on the probable end of the Pacific battle but made clear his belief that the enemy's fanaticism might be substantially discouraged by the gigantic Allied bombardment program.

Arnold hinted broadly at a widespread shakeup in the Pacific air command and "necessary readjustments." He emphasized that

### Four Japanese Homeland Cities Heavily Bombed

Smaller Industrial Cities Of  
Japan Are Targets For  
Latest B-29 Raids

### INDUSTRIES ARE LEFT IN FLAMES

By KENNETH MCALIB  
(U.S. Staff Correspondent)

GUAM, June 18.—Four Japanese homeland cities were left masses of flames today after some 450 Superfortresses staged a 3,000-ton four-pronged fire bomb raid against industrial areas which probably were engaged in manufacturing Jap kamikaze suicide planes.

As many as 13 separate fires were reported raging in but a shade east of the cities raided, returning crew members reported.

### Cities Bombed

The four-pronged assault was aimed at Yokkaichi and Hamamatsu on Honshu island and at Kagoshima and Omura on Kyushu island of Japan.

Japanese imperial headquarters admitted that the B-29s touched off fires in these cities, but claimed that the conflagrations were brought under control in short order. As broad as from Tokyo, the enemy authorities said moreover, that the Superfortresses also placed mines in Kannon Strait between Kyushu and Honshu islands.

The last firestorm returning from Yokkaichi, an industrial city of 102,000 population reported seeing three large conflagrations, and some 30 additional fires scattered through the target area. In addition to bringing the center of heat to mention the apparently continuing battle for the former east coast treaty port of Weichow, less than 500 miles west of Okinawa. At last reports part of the Japanese garrison was fleeing northward.

### TOKYO PREDICTS NEW INVASION

By JOHN CASHMAN  
(U.S. Staff Correspondent)

MANILA, June 18.—Allied naval guns paved the way for Australian infantrymen driving today on the vital Seria oilfields, 25 miles below Brunei in North Borneo.

Gen. Douglas MacArthur announced that warships of the U. S. Seventh Fleet concentrated on the coast of Borneo, the first day of the combined force's "Indian island."

### Gateway To Oilfields

Tonkin is the gateway to the Seria oilfields, capture of which would shorten considerably the fuel transport lines for the warships and mechanized arms of MacArthur's legions. The Austrians, the United States of America, were almost within sight of Tonkin.

Meanwhile, the estimated number of Allied aircraft positions in the vicinity of Balikpapan on the east coast of Borneo, some 130 miles from the oilfields, were cascading down.

Three months earlier than the usual date for the odd-year primary election, Lawrence county citizens will go to the polls Tuesday, June 19, and nominate their candidates for the various city, county, township and borough offices. Two state nominations will also be made by the parties for superior court judge.

There is an unusual lack of candidates in this primary which may be reflected in the vote cast on Tuesday. On the Republican ticket there are candidates for every major office, with the candidates for

judge, district attorney, register and recorder pure conservatives.

### NUMEROUS LOCAL OPTION ELECTIONS

HARRISBURG, June 18.—INS.—A light turnout in primary balloting was in prospect tomorrow although local contests were expected to add some color to another war time trek to the polls.

Only two superior court posts will be filled by statewide voting but the electorate in 30 counties will nominate judicial candidates.

Majority slates will be chosen in Pittsburgh, Scranton and 18 third class cities while other elections will be fought by the selection of township commissioners, borough councilmen and election board members.

### Local Option Elections

In addition, voters in 66 municipalities in 32 counties will participate in local option elections, according to the State Liquor Control Board.

Forty-five municipalities will vote on both liquor and beer, 12 will vote on beer and nine on liquor. The board said 74 liquor and 27 beer licenses would be at stake.

### Officials of the State Elections

Bureau reported that due to the lack of interest, the turnout would run less than 25 per cent of the estimated 4,500,000 voters eligible to participate in tomorrow's balloting. Requests from servicemen and women for "GI" ballots reflected the disinterest in politics apparent on the home front.

### State-Wide Voting

Statewide voting will be confined to rubber-stamping organization endorsement of candidates for two \$18,000 a year posts on the state superior court.

### Re-Route Parade For Eisenhower In New York Tuesday

General Eisenhower Will Travel  
Route Of Heroes Up Broad-

NEW YORK, June 18.—(INS).—Gen. Dwight D. Eisenhower's triumphal parade through Manhattan will now be held on Broadway, the route of heroes, up Broadway from Battery Park.

The route of heroes, a sky-ramp of 4,000-foot strip of pavement, has been the traditional route taken by visiting notables led by the city.

However, Mayor F. H. LaGuardia said the decision to re-route the parade through the Battery was motivated by the fact that about 10 times as many people would be able to see the general than along the route originally planned.

### MacArthur To Have Supreme Command In Japan's Defeat

WASHINGTON, June 18.—(INS).—Gen. Douglas MacArthur will be named today as the supreme command of American forces in the final defeat of Japan.

Despite the responsibility of large forces, including major land and air units, MacArthur will keep his present position of commander of Allied land forces in the Pacific. Under the proposed arrangement, this command will be exercised as the massive land battle on the Asian continent and the invasion of Japan proper get under way.

When and if British forces move from Southeast Asia and the China Sea to the final closing campaign with the Nipponese, MacArthur is expected to get the overall command which will co-ordinate all operations.

LONDON, June 18.—(INS).—The Japanese Navy Agency asserted today that there were strong indications that a number of American submarines had "sneaked" themselves into the Sea of Japan between the Japanese islands and the Korean-Siberian coast.

About 18 Superfortresses dropped mines in various parts of the island sea during the night, the agency added.

The Indian sea was "landlocked" Japanese waters, on which the great ports of Osaka and Kobe lie.

# Jap Casualties In Philippines Set At 402,363

Report Shows Almost 90 Japs Killed For Every American Who Gives Life

MANILA, June 18. (INS)—Total Japanese casualties for the Philippines campaign were listed today at 402,363, including 92,499 enemy dead counted during the last week.

The increasing preponderance of American fighting strength in the final battles to wipe Jap resistance from the Philippines was mirrored in Gen. Douglas MacArthur's communiqué. Official figures showed a ratio of almost 90 Jap dead to one American killed during the week.

American casualties during the period were listed as 103 killed, two missing and 22 wounded, for a total of 127. These figures included cumulative American casualties for the entire Philippine campaign to slightly over 50,000.

## Very Few Prisoners

Added to this week's death toll of Japs was a total of 1037 enemy troops captured. Most of the Jap casualties were inflicted in northern Luzon sections where American gains up to 13 miles were reported by MacArthur.

The veteran 37th Infantry division Jap Cagayan valley resistance was reported to be breaking the town of Cagayan for a 13-mile advance. Cagayan lies 18 miles northeast of Baguio.

The sixth division cutting line highway four in a north-south drive on Luzon was meeting heavy resistance north of Baguio, but enemy strongpoints were reduced and the advance continued.

# TRIPLE OF BOMB LOAD DROPPED ON GERMANY SCHEDULED FOR JAPAN

(Continued from Page One)

The time is "very near" when all types of American warplanes, even long range fighter-bombers, will be able to blast the length and breadth of the Japanese homeland.

Arnold asserted his belief that the enemy's momentary fuel situation is "very sketchy," adding that the Far East air force aerial blockade of the China sea is having a tremendous effect on the whole Japanese war structure.

## May Determine Capitulation

He said that gasoline and oil might be the determining factors in the eventual capitulation of the enemy.

On his arrival from Guam, Arnold joined with Gen. Douglas MacArthur and later conferred with leading members of the Pacific Army forces.

Yesterday he conferred with Gen. George C. Kenney, Far East Air Force head, Maj. Gen. Ennis Whitehead, commander of the Thirteenth Air Force.

Looking well and obviously optimistic, Arnold paid warm tribute to all the Pacific air forces for their part in laying the ground work of the tremendous bombardment program planned for Japan.

KENNEDY SMITH  
WEDDING IMPRESSIVE

The solemnity of a candlelight church, the burning of Cathedral tapers in branching candelabrum outlining the throne of guests that filled Highland U. P. church to capacity, the chancel and stained glass windows, this, combined with the essence of fragrant flowers, clusters of white calla lilies arranged in two huge vases placed at either side of the elaborate altar, indeed provided an impressive setting for the formal wedding ceremony performed Saturday evening, uniting Miss Anne M. Kennedy and Mr. Richard D. Smith USMC.

The bride, a talented violinist, is the daughter of Mr. and Mrs. Thomas Francis of East Shelden avenue. The bridegroom is son of Mr. and Mrs. Richard D. Smith of New Castle.

Elopes of appropriate selection played by a lifetime chum of the bride, Miss Isabel Johnson, accompanied the approach of the bridegroom at 7:30 o'clock. Following the ceremony, the bride and groom were exchanged with Dr. D. L. Ferguson officiating. He then for single and couple. The "March Henry" was played for the recessional.

Given in marriage by her father, the bride was most attractive in her wedding gown, adorned with a white silk parasol and a white veil. The bridegroom, in a dark suit, was equally handsome. The ceremony was performed in the presence of a large number of friends and relatives.

The bride was attired in a white ensemble and shoulder corsage of red roses and white sweetpeas. She wore a strand of pearls as her only jewelry.

**Hangar And Six Airplanes Burn At Clarion, Pa.**

CLARION, Pa., June 18. (INS.)—Fire of undetermined origin today completely destroyed a hangar and six planes at the Parker-Cramer Memorial airport in Clarion.

O. H. Colburn, owner of the airport, estimated loss at \$25,000 and said that the property had been left partly insured by insurance.

Only one plane at the field escaped a small passenger craft which was staked outside of the hangar.

## Parri Designates Italian Cabinet

New Premier Succeeding Bonomi Will Have 19 Portfolios In Italian Cabinet

ROME, June 18.—(INS)—Ferruccio Parri, premier-designate of Italy, revealed plans today for establishment of 19 portfolios in the new cabinet, including that of Ivanoe Bonomi.

Each of the six Italian parties will have members in three posts. The first portfolio will go to Admiral De Bonis as navy minister.

Parri, once described as "half socialist, half author," was expected to serve as interior minister. Subsequently he resigned the latter position, but will organize Italy's first cabinet in 20 days.

### Achieves Purpose

It was believed his cabinet would include, besides Leader, Pietro Nenni and Alcide De Gasperi, several ministers. Communist leader Palmiro Togliatti, minister of justice, and Alcide De Gasperi, reconstruction minister.

De Gasperi and Nenni held high posts in the government of Ivanoe Bonomi, whose resignation paved the way for Parri's appointment.

The proposed cabinet appointments, however, to many that Parri, often referred to as a political novice, has achieved his purpose of bringing the principal all-party leaders into the government despite earlier refusals to Togliatti, Nenni and De Gasperi.

## Cool Reception Awaits Thompson

No Divorce For Sgt. Thompson, Philandering Soldier Daddy Of Four In England

PITTSBURGH, June 18.—(INS)—Sgt. William Roe Thompson will not be welcomed by his wife, Eleanor, when he comes home to Pittsburgh.

The 26-year-old pretty wife has not changed her mind about her husband. It makes no difference whether he comes home with or without Nora Carpenter, English barmaid, who bore him quadruplets, she said today.

Mr. Thompson said she still would not give her husband a divorce if he can marry the mother of his three children. One of the children, MacDonald, died less than a month after birth.

The British girl said Saturday she understood Sgt. Thompson was scheduled to come home some time this month.

## Trial Of Sixteen Polish Underground Leaders Is Started

Moscow Report Says All But One Make Partial Admission Of Guilt

LONDON, June 18.—(INS)—All but one of 16 Polish underground leaders accused by the Russians of diversionary activities behind Red Army lines pleaded wholly or partially guilty today at the opening of their trial in the Soviet capital, the Moscow radio reported.

The trial in the Soviet capital was presided over by Col. Gen. Vassili Ulrich, member of the Plenum Supreme Court, the announcement said.

Hearings began as representatives of three groups of Poles met again in Moscow to confer on the broadening of the provisional government of Poland.

The sessions now in progress among members of the Soviet-sponsored Warsaw government, democratic leaders from inside Poland

and former members of the exiled government in London were described as "contact" meetings.

A third representative from London who will join in the talks, Anton Kologriev, left the British capital today for Moscow.

Among those on trial for acts harmful to Soviet military forces was Gen. Bronislav Okulicki.

## Paper Collection Here Saturday

Y. M. C. A. Will Benefit By  
Funds Netted From  
Waste Paper Collec-  
tion This Month

Paper salvage time is here again and on Saturday, June 23, the monthly collection of waste paper will be made in New Castle and adjoining townships. City Chairman Joseph A. Hartman said today the collection would be handled in the same manner as it had been with Boy Scouts riding the trucks and adults loading the paper in boxes for shipment.

This collection will be for the benefit of the Y. M. C. A. All net proceeds going to the association. Various organizations have been the recipients of the profit of previous paper drives.

Trucks will be furnished through the Lawrence county chapter Pennsylvania Motor Truck association and truck owners interested in aiding the collection are asked to call J. Fred Clarke, president of the chapter at 2756.

Paper is still a vital war need. Every ounce of scrap paper around your house should be turned in. Bundles of newspapers, magazines and each from cardboard or books. The bundles should be not more than 15 pounds each, securely tied and placed upon the curb the morning of June 23.

The trumpeter fish is an important commercial food fish of New Zealand, often reaching a weight of 50 pounds.

## Mrs. Eisenhower Nervously Awaits Husband's Arrival

WASHINGTON, June 18—(INS)—Mrs. Dwight D. Eisenhower was just as nervous as any G.I. wife today as her general husband flew to Washington for a triumphal homecoming.

"Of course I'm nervous," she said, "and I know that other wives of servicemen overseas know how I feel."

Mrs. Eisenhower, who has not seen her husband for 18 months, passed a quiet Sunday at her hotel apartment carrying out the last minute tasks of a facial and packing for a trip to New York tomorrow with the general.

"It is so hard to express my deep happiness after the chaos of the past years," she said, "I'm kind of numb, and can't put into words just how I feel about seeing my husband again."

"I realize that, like many other service families, we will have only a short leave together before his new assignment, but I am grateful for this much."

Mrs. Eisenhower said that through the war years she has written her husband often because she believes his morale "is no different from that of any G.I."

"He keeps his ear cocked for mail call, as do I," she added. The general's wife said she was sorry that she will not be able to prepare even one meal for him while they are in town.
